VOL. LX: No. 13 REDWOOD CITY, CALIFORNIA, SATURDAY, JUNE 26, 1920 ESTABLISHED 1859

OLD PIONEER BREWERY IS TO BE WRECKED

The old Pioneer Brewery south of town on the highway and one of the land marks of this locality is passing away, being wrecked by the new owner of the property, John Garcia, who is to erect a modern building in its place. The old structure served as a chain that linked the past with the present. While it is true that all breweries have lost their usefulness owing to the adoption of the federal prohibition amendment this building was not used as a brewery for many years. Lately it was occupied as a church for the negro population of that locality to worship in. It was built by Mihcael Kreiss along in the sixties and used as a brewery for many years by him. The upper story contained a neat dance hall, here gathered the early settlers and tripped the light fantastic to their heart's content to the music of Andrew Donnelly's old violin. It was the mecca or rather an oasis in those days for the thirsty. There they ate and drank and made merry.

Michael Kreiss was a genial host, a good entertainer and as a brewer he had few equals in the country. His product was sought after far and wide. The residents of San Jose, Mountain View and as far north as Ocean View enjoyed his brew. The cheering and refreshing qualities of his steam beer is even now talked of by those who are still living and who quaffed many a tempting glass in those wet days of long ago. The reputation of the old brewery was known in all sections of the peninsula. It was the first one established in this part of the state. It, however, survived its builder for Kreiss has long since passed to that other side. His family maintained the property until a short time ago. The old structure passes away but its hallowed memories will remain fresh and green in the minds of all the old settlers who still linger on this mundane sphere.

A deed was filed in the country recorder's office on Wednesday whereby J. H. Coleman and wife transfered to W. W. Stetheimer and A. M. Benfield seven and a half acres of land on the marsh near the Leslie Salt works. The federal stamps on the instrument would indicate that the sum of $4000 was paid for the land. It was purchased for the Beresford Country Club to secure a supply of water for the club grounds in the hills a short distance away. Well borers are now at work on the property. They hope to secure a good water supply.

Miss Lanfear will reside in Redwood City after her marriage.

SENATOR HARDING IS ABLE

Senator Harding is simply an able, clear-headed, steady figure about whom to rally and through whom to exercise such ability for government as the Republican party contains. He is avowedly the champion of the sort of government—irrespective of which party controls it— that we had under William McKinley; a an able man, but yet a man who would be willing to look for the John Hays and Elihu Root of his party to help him run the executive department and who would do his best to get the best out of that coordinate branch of government, the Congress, and still see in the latter the formal embodiment of the power and functioning of the body politic.

ANNUAL HEART SALE IN REDWOOD CITY TODAY

For the benefit of the homeless children of California, plans are ready for the annual heart sale here, today to benefit the children's Home Society of California.

The Society has cared for and found good homes for nearly 4000 children since its organization in 1892. Every county in the State has benefitted by the work and nearly 600 children have been under the care of the Society this past year.

The little red cardboard tags with their entreaty "Have a Heart" and help a child to find a home should carry a note of appeal to everyone.

It is not possible for each one in the community to adopt a child, but each person may help somebody else to do it, and thus become a childi benefactor. The homeless children of California beg your attention this "Heart Day" and urge upon the people of the community a sympathetic contribution. The record of the Children's Home Society of California, through the years of activity, is known to nearly all and every one will no doubt be glad to be tagged with a heart badge which will represent a voluntary gift for this good cause. There will be a large committee of young people who will sell the heart tags and will call at "Heart Day" headquarters in the Chamber of Commerce for hearts and to be registered by the "Heart Day" committee which is composed of Mrs. M. J. Knox, Mrs. M. E. Ryan and Frances Reynolds representative of the Children's Home Society of California.

Mrs. Frances Reynolds, Children's Home Society, Oakland, Calif., Dear Madam: Permission is hereby grantyou to carry on a "Tag Day" in Redwood City, on Saturday, June 26th, for the benefit of the Children's Home Society of Oakland, California.

(Signed) M. E. RYAN,
Mayor of Redwood City.

He will probably wind up the affairs of the estate in three months.

Before the appointment was made C. H. Wideman's resignation as executor of the last will and testament of Loren Coburn was accepted and his second account allowed and settled. CITY TRUSTEES MET MONDAY

An ordinance fixing the rate of license tax upon the various businesses transacted in the town of Redwood City was given its preliminary reading at the meeting of the city council Monday night and will come up for final adoption at a special meeting of the board next Monday night. The amount of licenses to be paid by persons, firms or corporations engaged in the general business of seling wares, merchandise, meats, food, ets., except where otherwise provided in the ordinance, is based on the average monthly sales.

The Boyd & Kent tract annexation was given another lengthy hearing. Mrs. W. E. LaDieu, who lives on Central avenue off Woodside road, Mrs. Ida Corwin, principal of the Washington school, and several other interested persons appeared before the board to urge that something be done to remedy existing conditions in the tract, relative to providing the residents thereof with sewer, water and street facilities. Mrs. LaDieu made a strong appeal to the member of the board to have them reconsider their action taken at a previous meeting when acting on the report of a special investigating committee they decided it would not be advisable to consider annexation at this time on account of the tremendous cost that would be placed upon the taxpayers of the tract necessary for improvements that they would be called upon to make in becoming a part of the city.

Trustee Tuchsen explained to Mrs. LaDieu and the others present that the matter was not one that properly belongs to the city and that the residents of the tract could get relief needed from the supervisors through the formation of sanitary water and such districts.

The board received a bid of $3362 from the Raisch Improvement Company of San Jose for rebuilding and improving Phelps street from Buckeye to the city limits, a distance of five blocks, and an alternativ bid from the same firm calling for a scarifying job and a Topeka top at a cost of $584. The board decided that the latter would not be satisfactory and that the first bid was too high. They thereupon ordered the improvements carried out by Street Superintendent Dearborn, who stated that he could put the street in good condition at approximately a cost of $2000.

Ordinance No. 209 providing for a bonded indebtedness by the town of Redwood City in the sum of $25,000 to build a spur track to connect with the municipal dock and warehouse, was presented by City Attorney Mansfield and given its preliminary reading. The ordinance provides that the bonds shall be of $1000 denomination, that they shall run for a period of 25 years and shall bear interest at the rate of 5½ per cent.

Street Commisioner Dearborn was instructed to proceed with the construction of the concrete approaches to the new firehouse on Webster street, City Engineer Dimmittee having submitted figures showing that the estimated cost of the work would be $500.

A TRAINED LEGISLATOR FOR THE WHITE HOUSE

The Republican Publicity Association, through its president, Hon. Jonathan Bourne, Jr., today gave out the following statement from its Washington headquarters:

"With the election of Warren G. Harding to the presidency, government by theory and intuition will give place to government by experienced experts, based on proved principles of sound national management. Instead of a professor from an institution of learning seeking to apply to the Federal government the dogmas of a college curriculum we shall have a trained legislator and executive who will conform his adminitsration to the lessons he has learned during a term in the United States senate preceded by two years as lieutenant governor of his state and four years as a member of the Ohio senate.

"When Senator Harding enters the White House on March 4th next he will have completed six years service as a Senator from his State—six years of apprenticeship for the work of Federal administrator. As never before in the history of the country, the past seven years have demonstrated how necessary it is that the Chief Executive shall have had that previous acquaintance with the legislative branch of the government indispensible to a proper appreciation of his relations to it. Mr. Wilson's complete failure to comprehend the point of view of Congress ,and his refusal to concede to the duly elected representatives of the people the part the Constitution decreed that they shall play in national affairs, have been responsible for the almost constant friction that has existed between them. The cost to the people of that lack of co-ordination can never be expressed in dollars and cents, but it has been enormous; and, in addition, national prestige has suffered a setback that will require the most careful attention from a Republican administration to repair.

"Not only has Senator Harding learned in the school of experience of the relations between the Executive and legislative branches that must be maintained if our government is to continue to express the popular will as our forefathers provided in the Constitution, but he has learned to respect the opinions of his fellow Senators and of others chosen by the people to represent their views. It is here, again, that the Wilson administration has signally failed to perform its allotted part in our scheme of government. It has been totally impossible for the Wilson type of mind to conceive that it is not infallible, and to realize that the views of the people can be more nearly expressed through the composite expression of their leaders than through the utterances of a single individual. His has been a one-man government, uninfluenced by the opinions of accepted authorities.

"Every act of the Senate, and of Congress, necessarily is a conpromise product—a composite of the thought of the members who compose the majority of that body. It is not too much to say that an act of importance never passes the Senate that is entirely acceptable to any Senator. Every Senator has surrendered some of his personal prefenences in order that the act may become a law, and in that surrender he has admitted his own fallibility and recognized that the voice of the many is more likely correct than his own individual opinion.

"That is the school in which Senator Harding's conception of popular government has been formed, and to those tenets he will hold the executive department once he has taken control. His Cabinet will be composed of men of recognized authority in the problems of their particular department, selected to act as real saids to the President in the performance of his duties, rather than to furnish plausible support for executive opinions adready made known. President Harding will personify the policies adopted by the Republican party as a whole and embodied in its national platform, and in the carrying out of those policies the country will witness the closest co-operation with his official advisers and with his party associates in Congress."

CHICAGO CONVENTION WAS FAIR

The Republican party and all the people of the United States are to be congratulated on the manner in which the Chicago convention solved the situation which confronted it. It was an open race. There were some hot, of not odd-on favorites, but every contestant ran on his merits alone and got the position at the finish to which his powers in competition entitled him. The common verdict is that "the best man won."

Hot Water

MORE NECESSARY IN SUMMER THAN IN WINTER

Summer brings no lessening demand for HOT WATER.

It is then that an abundant supply is even more necessary because of the many articles of light wearing apparel that enter into the family wash.

Summer comfort requires many fresh, cool changes of clothing. The children's dresses and washable suits must be kept fresh and clean in spite of the wonderful oportunities to get them dirty playing out-of-doors.

Then there are the frequent baths that are so delightfully refreshing at the end of the hot days and dusty walks or drives on country roads.

The unfailing source of all the hot water you can use in an INSTANTANEOUS GAS WATER-HEATER. It is not expensive to operate because gas is consumed only when hot water is being drawn.

SUPERVISORS HOLD SESSION

The board of supervisors met in regular session Monday, June 21, 1920, at 10 a. m., there being present Chairman John MacBain, presiding; T. L. Hickey, Mrs. Rosalie M. Brown, and Dr. C. V. Thompson, absent, Supervisor Jos. M. Francis.

Chairman MacBain addressed the board and stated that he was having some repairs made to the State highway through the Town of Redwood City from Broadway to the Five Points and he asked permission to keep this portion of the thoroughfare closed until repairs were completed. The request was granted, on motion of Hickey, seconded by Thompson.

The resignation of Mrs. Rinda Shortridge Morse of San Mateo as a member of the County Social Service Commission was accepted, and Mrs. Nash was directed to write Mrs. Morse thanking her for her services as a member of the commission.

District Attorney Swart addressed the board relative to the proposed ordinance governing the inspection of meats and slaughtering in San Mateo county. He explained thta there is a state law, which has not been enforced, forbidding any person in California to sell the entire carcass of an animal without first obtaining a permit to do so. Lately he said, meat dealers in the county, especially in Redwood City, were refusing to buy the slaughtered products from the farmers and this was resulting in a severe loss and hardship to the latter. A number of the farmers and ranchers had been to see him, the district attorney said, in the matter and he suggested that they be given a hearing before the proposed ordinance is passed. Acting on the suggestion of Swart the board decided to lay the matter over until the first meeting in July, the 6th.

A communication from Percy Towne, attorney for the California Automobile Association, and addressed to District Attorney Swart, was read, relative to an automobile accident on the State highway near Belmont on May 30, when three machines came together and two men in a Ford car were injured and taken to the Red Cross hospital, San Mateo. It was alleged that these men were intoxicated at the time of the accident but before their names were ascertained were discharged from the hospital. One of the other parties to the accident, A. E. Simpson, of the Crocker Estate Tract, the latter states is anxious to locate the men who were injured and Towne appealed to the district attorney's office to assist in the search.

The matter was referred to Supervisor Mrs. Brown, in whose district the alleged acicdent occurred, for her to get a report from the traffic officer in detail at the time, and submit the same to District Attorney Swart.

Attorney John D. Davis submitted in writing the proposed plan of the Colma Improvement Club to tunnel under the Southern Pacific embankment at the foot of Market street in the Town of Colma. The letter stated that the matter had been referred to the State Railroad Commission, who had directed that the Improvement Club petition the board of supervisors for permission to have the work done and also that the county surveyor be directed to make the necessary surveys for the work. Attorney Davis explained to the board that the purpose of the tunnel was to open up the lower end of Market street in order to relieve the heavy congested traffic caused by the vegetable truck drivers from the west end of the town.

On motion of Hickey, seconded by Mrs. Brown, the request of the Improvement Club was granted, and the county surveyor was directed to prepare the necessary plans for the improvements.

A petition signed by Carl Schwarz and twenty-nine other residents and tax payers of the Colma Lighting district was received, asking for the installation of an additional light at the corner of First avenue and Price street in the Town of Colma. The petition was granted, on motion of Hickey, seconded by Thompson.

A petition signed by George Campe and others asking for the abandonment of a small unused lane in block 3, Burlingame Hill tract, Second township, was received, and after Campe had been sworn and testified as to the validity of the signatures to the petition, the board set the hearing in the matter for Monday, July 19, 1920, at 10 a. m.

Austin T. Tubbs, San Francisco, addressed o communication to the board relative to the proposed new road from the San Gregorio-Pescadero road over the mountains to connect with the Redwood City road at Woodside and requesting that he be notified when the matter will come up for action before the board. The communication was ordered filed.

George A. Kneese, county surveyor, submitted a written report, in compliance with a request ob the board, on the condition of several bridges on the Canyada road and one on the road back of the California sanitorium in the second township. The report stated that the bridges were all old ones and were in an unsafe condition. He recommended that until the necessary repairs are made that loads of more than five tons' weight be prohibited from going over the bridges.

At the verbal suggestion of Mr. Kneese, and on the motion of Mrs. Brown, seconded by Thompson, it was decided that the entire board act as a committee to investigate the bridges and determine what is best to be done toward improving them. In the meantime Supervisor Mrs. Brown was empowered to place signs on the bridges warning persons against the unsafe condition of the sctructures.

The board received a communication signed by three of the court house janitors—C. Peterson, M. J. Simmons and D. E. Moore—asking for a raise in their salaries. The matter was laid over until the meeting of July 6.

On motion of Mrs. Brown, seconded by Hickey, Mrs. Anne Patterson of San Mateo was appointed a member of the social service commission from the second township to take the place of Mrs. Morse, whose resignation was accepted earlier in the meeting.

Supervisor Hickey addressed the board on the need of a sewing machine at the county hospital and on his motion, seconded by Thompson, Purchasing Agent Ernest E. Werder was instructed to purchase a machine for the institution.

—J. W. Foley, in "Right Thinking"

WHAT IT COST HIM

The law requires candidates for office to file a report of all expenditures. A patriot from Missouri ran for office and turned in the following absolutely truthful report of what it cost him to get elected:

"Lost 1349 hours' sleep thinking about the election. Lost two front teeth and a lot of hair in a personal enconuter with an opponent. Donated one beef, four shoats and five sheep to country barbecues. Gave away two pairs of suspenders, four calico dresses and $5 in cash.

"Kissed 126 babies. Put up four stoves. Kindled 13 fires. Walked 4076 miles. Shook hands with 9508 people. Told 10,101 lies and talked enough to make in print 1000 volumes. Attended 16 revivals and contributed $50 to foreign missions. Made love to nine widows—four sod, five grass. Hugged 49 old maids. Got bit by dog 39 times—and was elected by 353 majority."
